WKD 2020 Activities

World Kidney Day 2020

Theme – “Kidney Health for Everyone Everywhere – from Prevention to Detection and Equitable Access to Care”

In 2020, World Kidney Day calls on everyone to advocate for concrete measures in every country to promote and advance kidney disease prevention, including:

Renewed focus on primary care, awareness raising and education including patient empowerment and cross-specialty training

Integration of CKD prevention into national NCD programs for comprehensive and integrated services, which are essential in improving the early detection and tracking of CKD at country level

Whole-of-government, whole-of-society, health in all policies, multisectoral collaboration to promote prevention of kidney disease

HONG KONG KIDNEY FOUNDATION'S WKD ACTIVITIES

Hong Kong Kidney Foundation, Hong Kong Society of Nephrology & Hong Kong Association of Renal Nurses set up the COVID-19 Hong Kong Kidney Patient Support Fund and Program to support patients facing difficult and financial burden to obtain surgical masks.

HK\$1,000,000 (US\$128,200) was raised with the strong support from the partners and pharmaceutical companies which enabled the project to purchase 300,000 surgical masks and were distributed to the 11,000 patients on renal replacement therapy under Hospital Authority and charitable centres. Each patient received 25 surgical masks.

WKD ACTIVITIES OF INDIA TAMILNAD KIDNEY RESEARCH FOUNDATION WKD ACTIVITIES

TANKER Foundation's first programme for World Kidney Day 2020 in March was a day of awareness, activity and learning for more than 250 patients with kidney disease and the staff of TANKER Foundation.

This year the World Kidney Day is focusing on "Kidney Health for Everyone Everywhere - from Prevention to Detection and Equitable Access to Care"

The event was organized by Mrs. Rajalakshmi Ravi, Head of TANKER Prevention and Awareness Programme (TAPP) to spread awareness of kidney disease and also create a sense of community between TANKER's and MMM patients, their families and the staff at the NGO's 8 dialysis units. TANKER held other awareness programmes and screening camps in February and March.

Kidney disease can affect anybody and the World Kidney Day helps in bringing about awareness of this terrible disease.

Total No of Beneficiaries through Awareness Camp - 513

Total No of Beneficiaries through Screening Camps - 189
